

## Bay-Delta Advisory Council Response Form Regarding Public Outreach

As the attached schedule shows, Program staff have tentatively planned several public meetings around California for January to July 1997. Though designed for members of the general public who know little about CALFED, these meetings would also attract stakeholders already involved in the process. Staff would cover the same subjects at each meeting, shifting the emphasis depending upon the attendees' interests. Most of the meeting time would be reserved for questions and answers.

Before scheduling the meetings, Program staff would appreciate receiving ideas and advice from BDAC members. **Please take a few minutes to fill out this form and fax it to Mary Kelley, Public Affairs Officer, at 916/654-9780. Thank you.**

1. Which constituencies, particularly in your region, need more attention from CALFED? (e.g. farm workers, small business owners, golf course managers, etc.)

2. Will these constituencies participate in and benefit from public meetings? What other communication formats (e.g. one-on-one meetings, radio call-in programs, Internet) would help CALFED maintain a dialogue with these constituencies?

3. So that staff can schedule the meetings for maximum attendance, please tell us about timing concerns affecting your constituents. (e.g. planting seasons, preference for afternoon or evening meetings, conflicts with important association or board meetings, etc.)

4. How can you, as a BDAC member, participate in one or more public meetings in your area? (Please check all that apply.)

- ☐ Help publicize meetings to your constituents
- ☐ Attend meeting(s), be introduced as a BDAC member, help answer audience questions
- ☐ Attend meeting(s), help give the presentation, help answer audience questions
- ☐ Other: \_\_\_\_\_

Which public meeting(s) can you attend: \_\_\_\_\_

5. Do you have any other advice for staff about public outreach?

**Thank you for answering these questions.**

**Please fax this form to Mary Kelley, Public Affairs Officer, at 916/654-9780.**
